Duralum Products, Inc. warrants that the product installed and covered by this warranty was manufactured according to Duralum specifications, using quality materials, and was quality controlled through every stage of manufacture.

**Warranty Registration** - This warranty must be completed and signed by both the Duralum dealer and the original property owner within 30 days of completion of installation. Mail warranty to Duralum Products, Inc., 8269 Alpine Ave., Sacramento, CA 95826-9962.

**Limited Warranty Coverage** - The product is free from defects in material and workmanship and the finish on the products will not chip, peel, flake, or blister under conditions of ordinary wear for the lifetime of the product.

**Transferability** - This written warranty is not transferable from the original home owner and is not applicable to products installed beyond design limits set by the manufacturer.

**Coverage Exclusions** - This warranty does not cover damage of any kind resulting from faulty or improper installation, accidental damage, settling, structural shrinkage or other distortion of the property structure, acts of God, harmful chemicals (including harmful cleaning compounds), fumes or vapors, surface deterioration due to air pollution, normal weathering, mildew accumulation, impact of foreign objects, or the failure of the owner to provide reasonable maintenance of the product per the instructions on the reverse side.

**Claims Procedure** - Any claim for defective material shall be sent to Duralum Products, Inc., 8269 Alpine Ave., Sacramento, CA 95826-9962, within 30 days of first discovering the claimed defect. The claim shall describe the defect, indicate the discovery date, and name of the contractor who installed the product. Duralum shall then be given reasonable time to inspect said defect.

**Normal Weathering** - Defined as the damaging effects of sunlight and the extremes of weather and atmosphere that may cause any colored surface to chalk, fade or become soiled or stained. The degree to which normal weathering occurs depends on air quality, location and other local conditions. This warranty does not cover fading or chalking of any painted finish due to normal weathering. Also, this warranty does not apply if the product has been painted or the surface has been altered.

If after inspection, it is determined that said defect is covered by this warranty, then Duralum shall have one hundred twenty days in which to correct said defect, by either refinishing or replacing the defective material on the following basis: If the claim is dated during the first ten years following installation, Duralum will pay 100% of the cost of material. Each succeeding year thereafter Duralum's payment of cost will decrease by 2% until the warranty has expired. Duralum reserves the right to discontinue or change the design or color of any of its products. If for any reason the original product is not available, Duralum shall have the right to substitute another product of comparable quality.
